#### TENNESSEE VALLEY AUTHORITY

##### Peaking Capacity Additions

**AGENCY:** Tennessee Valley Authority (TVA).

**ACTION:** Issuance of Record of Decision.

**SUMMARY:** This notice is provided in accordance with the Council on Environmental Quality's regulations (40 CFR parts 1500 to 1508) and TVA's procedures implementing the National Environmental Policy Act. TVA has decided to adopt the preferred alternative identified in its Final Environmental Impact Statement for Peaking Capacity Additions. The Final Environmental Impact Statement (EIS) was made available to the public on May 13, 1999. A Notice of Availability (NOA) of the Final EIS was published by the Environmental Protection Agency in the **Federal Register** on May 21, 1999. Under the preferred alternative, TVA will construct additional peaking capacity at two TVA fossil plants: 340 megawatts (MW) at Johnsonville Fossil Plant, in Humphreys County, Tennessee and 340 MW at Gallatin Fossil Plant in Sumner County, Tennessee. The additions will be gas fired simple cycle combustion turbines.

##### FOR FURTHER INFORMATION CONTACT:

Richard B. Armstrong Jr., NEPA Specialist, Environmental Management, Tennessee Valley Authority, 400 West Summit Hill Drive, mail stop WT 8C, Knoxville, Tennessee 37902-1499; telephone (423) 632-8059 or e-mail rbarstrong@tva.gov.

##### SUPPLEMENTARY INFORMATION:

In December 1995, TVA issued its final Energy 2020 Integrated Resource Plan and Programmatic Environmental Impact Statement. This document projected demands for electricity in the TVA power service area through the year 2020 and evaluated different ways of meeting these projected increases. Under the forecast adopted by TVA, the demand for electricity was projected to exceed TVA's 1996 generating capacity of 28,000 (MW) by approximately 6,250 MW in the year 2005. TVA decided to meet this demand through a combination of supply-side options and customer service options.

One of the supply-side options was to construct additional peaking capacity within the TVA power system. Tiering
